

Azerbaijan 144-core optical fiber junction box

Overview

The 144 cores dome type fiber optic splice closure come with 2 inlets and 4 outlets, which is including 6 splice trays, each accommodating 24 fibers. The fiber optic joint box body is crafted from reinforced plastic, a material renowned for its high strength and corrosion resistance. It is equipped with 144 cores for termination and splicing, ensuring efficient optical fiber distribution. With an IP65 waterproof rating and durable SMC material, it provides. The Fiber Splice Closure model DA-FOSC-IM144-H9-1 is a high-quality solution designed for CATV networks, telecommunication networks, and various other applications. | Fiber Box Enclosure for MPOE's, Network Rooms, and IDF Rooms.
