

Cable tray prices in European workshops

AI Overview

Cable tray prices in Europe vary widely, typically ranging from €0.80 to over €76 per unit depending on material, type, and purchase volume. Price Overview European cable tray prices depend on material, design, and supplier. For small-scale or consumer purchases, prices generally range from €15 to €34 per unit, while bulk B2B orders can be significantly lower, starting around €0.80 per unit for standard trays, with higher-end industrial or fireproof models exceeding €76 . The cost is influenced by the tray type (solid, perforated, mesh, or ladder), material (galvanized steel, stainless steel, aluminum, or halogen-free plastic), and compliance with standards like DIN EN 61537 . Material and Type Considerations Steel and Stainless Steel: Durable and suitable for heavy-duty industrial applications; stainless steel is preferred for corrosion resistance in workshops with high humidity or chemical exposure . Aluminum: Lightweight and corrosion-resistant, ideal for medium-load applications. Wire Mesh Trays: Flexible and easy to install, commonly used in workshops for power and data cables; suppliers like ARKYS in the Czech Republic specialize in these . Cable Ladders: Feature cross-members for heavy power cables, suitable for high-load industrial setups . Plastic or Halogen-Free Trays: Used in environments requiring fire safety and chemical resistance . Suppliers and European Options Ekabel24 (Germany): Offers a wide range of galvanized steel, stainless steel, and plastic trays, suitable for industrial and construction projects, with discounts for orders over €500 or €1000 . ARKYS (Czech Republic): Leading manufacturer of wire mesh cable trays, ideal for workshops and industrial facilities . Eurostrut: Provides industrial and marine cable trays, including NATO-type models; pricing is available via quote . Trayco (Belgium): Specializes in cable trays, ladders, and mesh systems, offering tailored solutions and installation guidance . Purchasing Tips Bulk Orders: B2B purchases reduce per-unit costs significantly. Compliance: Ensure trays meet DIN E...
