

Customized Cable Tray Elbows and Fittings Manufacturer

AI Overview

Several manufacturers offer custom-made cable tray elbows with options for material, size, and design, including JLH Electric, Atkore US Tray, Shandong Xuanlin Metal Materials, and KDM Steel. Leading Manufacturers and Suppliers JLH Electric provides a wide range of cable tray fitting accessories, including elbows, with custom design and fabrication options to meet specific project requirements. Their products are made from high-quality materials such as galvanized steel, stainless steel, aluminum alloy, or fiberglass-reinforced plastic (FRP), ensuring durability and corrosion resistance. Atkore US Tray specializes in made-to-order cable trays built per NEMA standards and UL certified. They offer custom tray designs, including elbows, with a focus on technical innovation, logistics support, and customer service. Their products include wire basket, I-beam, and C-channel trays, all adaptable to project-specific requirements. Shandong Xuanlin Metal Materials Co., Ltd. manufactures custom aluminum cable tray elbows and other cable support systems. They operate multiple production lines capable of producing tailored designs according to client specifications. Their products are lightweight, corrosion-resistant, and suitable for industrial and commercial applications worldwide. KDM Steel offers stainless steel cable tray elbows in various configurations, including interior vertical, exterior vertical, and horizontal designs. They provide elbows with different radius measurements (e.g., 12", 14", 24", 36") and include features like push pins and perforated cable binders for secure installation.

Key Considerations for Choosing a Manufacturer

Material Selection: Choose between stainless steel, aluminum, galvanized steel, or FRP based on environmental conditions and load requirements.

Customization Options: Ensure the manufacturer can produce elbows...
