

Distribution network automation AC DC power supply waterproof type

Overview

An IP44-rated power supply offers reliable protection against solid objects larger than 1mm (such as wires or tools) and splashing water from any direction. This makes it ideal for environments where moisture, dust, or occasional water exposure may occur. AC/DC, DC/DC and DC/AC power conversion for the most severe environments. The INDUSTRIAL-SEALED Series TM of power supplies from A's Power Source Inc. is available in many configurable power variations, including: Industrial Sealed 400w IP67 AC DC Power Supply, Industrial Waterproof 400w IP65 AC. Weatherproof 24V AC DC Power Supply that provide High Reliability with off the shelf availability and affordability in a product that performs under extreme conditions, even submerged under water. * Units are designed to meet these standards but, each unit must be tested at system level. With some models offered with an optional IPx2 (IP42 / IP52), IPx3 (IP43/IP53), IPx4 (IP44/IP54) and some models specifically designed for IP67 and IP 68 ratings GlobTek can. They are packaged in waterproof, rugged, die cast aluminum IP66 enclosures.
