

Dongya Trough-type Fiberglass Cable Tray Manufacturer

AI Overview

Dongya trough-type fiberglass cable trays are manufactured by specialized companies in China, offering corrosion-resistant, flame-retardant, and high-strength FRP/GRP cable management solutions. Key Manufacturers and Suppliers Shanghai Qiongkai Industrial Co., Ltd. Qiongkai produces FRP trough-type fiberglass cable trays designed for industrial and building applications. Their trays are corrosion-resistant, durable, and capable of supporting multiple cables. The company offers a wide range of accessories, connectors, and support racks for easy installation and maintenance. They operate multiple production bases in Jiangsu, Hebei, and Shanghai, equipped with advanced machinery and quality control systems, and provide international shipping with flexible payment options (USD, EUR, CNY, etc.). Longxin (HBLONGXIN) Longxin specializes in fiberglass cable trays made from glass fiber reinforced plastic with flame retardants. Their trough-type trays are lightweight (about 1/4 the weight of steel), high-strength, and resistant to chemicals, acids, and salts, making them suitable for highly corrosive environments such as chemical plants, petroleum, and metallurgical industries. They offer fully enclosed trough trays for sensitive control cables, as well as composite and cascade trays for large-diameter or high-power cables. Longxin provides flexible sizing and on-site installation adaptability. ApexTray ApexTray manufactures FRP/GRP cable trays, including ladder and trunking types, suitable for chemical plants, power plants, and outdoor installations. Their fiberglass trays are lightweight, strong, corrosion-resistant, and easy to install. ApexTray also offers customization services, installation support, and free sample requests to ensure compatibility with specific project requirements. Features of Dongya Trough-Type Fiberglass Cable Trays Material: Glass fiber reinforced plastic (FRP/GRP) with fl...
