

Electrical cable trays and supports

AI Overview

Here are some supports for electrical cable trays:

- Cable Tray Accessories:** These include fittings and supporting components necessary for cable management in commercial and industrial construction, helping to prevent hazards like entanglement and tripping.
- Cable Tray Systems:** This includes cable ladder systems and channel support systems designed to accommodate cables and electrical equipment.
- Cable Tray Brackets:** These can be used for suspending trays from ceilings, fixing them to walls, or securely mounting them on floors.
- Brackets and Hangers:** Various types of brackets and hangers, such as stand-off brackets and trapeze support brackets, are available to ensure secure cable management installations.

These supports are essential for maintaining organized and safe electrical installations.
