Fiber Optic Tools

The global leader in fiber optic tools, Jonard has been trusted since 1958. Shop now for fiber tools such as strippers, duct cutters, cleavers, mid-span slitter & more.

Fiber Optic Tools, Crimpers, Cable Strippers

We offer a wide selection of specialty fiber optic installation tools and equipment from the leading brands to meet the needs of any fiber installation, maintenance and troubleshooting job.

Mechanical vs. Fusion Splicing: Which Is Right for You?

Comparing mechanical and fusion splicing for fiber optic cabling: costs, performance, and more. Discover the right splicing technique for your

Fiber Tools, Consumables & Accessories

CommScope features a family of tools and components for the installation, repair and maintenance of fiber cables, including prep and termination kits.

Heat Shrink Tubing for Cable Insulation & Protection

Heat shrink tubing is a versatile solution used for insulation, protection, and strain relief for cables, connectors, and other components. Available in various

Tip for inserting optical fiber into heat shrink tubing ...

Tip for inserting optical fiber into heat shrink tubing during fusion splicing. Click here for more:...

Fiber Optic Cable Protection Sleeves: When Heat Shrink Isn't the Best ...

Learn when heat shrink is the wrong tool for protecting fiber optic cables—and what to use instead.

Heat Shrinking | Komax

Heat shrinking appliances are used for reliable heat shrink tube processing, applying heat to shrink tubing tightly around wires and cables. Suitable for various

Comprehensive Guide to Heat Shrink Tubing | Romtronic

Heat shrink tubing can be used in various colors, including clear, red, blue, white, black, and yellow. Heat shrink tubing is an indispensable

Heat Shrink Machines and Equipment

Our RAYCHEM heat shrink tubing can be installed quickly and provides electrical and mechanical protection for wire, cables and pipes. Our well-established field

Fiber Optic Tool Kits and Accessories

Choose accessories for your next fiber optic installation, including cable fiber access tools, tool kits, polishing film, cleaning accessories, and replacement pieces for previously purchased tool kits.

Easy Ways to Use Heat Shrink Tubing: 11 Steps (with

Heat shrink tubing, also known as a shrink sleeve, can be used to repair and insulate wires and cables. After you slide the tubing onto the cable

Amazon : Fiber Optic Tools

Moocci Visual Fault Locator Fiber Optic Tester - Fiber Optic Cable Tester Meter with FC to LC Adapter - Tools Tester Kit for LC/FC/SC/ST, Network Cable Test 300+ bought in past month You pay \$18.03

Heat Shrink Tubing for Fiber Optic Closures

Heat Shrink Tubing for Fiber Optic Closures Insutek KFSC series of Fiber Optic splice closure heat shrinkable tube, is kind of specially designed product which suitable for sealing communication

Fiber Optic Tool Kits and Accessories

Choose fiber optic accessories and tools for your next installation, including access tools, tool kits, polishing film, cleaning accessories, and replacement parts.

Cable Prep FOC-100 FOCUS SFF Connector

Cable Prep has designed the unique FOCUS fiber optic connector tool for servicing high-density patch panels of 144 ports or more in CO, FTTP and OSP

Amphe-Lite Fiber Optic Termini

Step 1: Shrink tube using heat gun until epoxy turns a dark amber color. Once fully cured, remove heat gun immediately. Attention: Do not apply excessive heat to outer jacket of cable. Step 2: Using

Fiber Optic Protection Splicing Sleeves Heat Shrink Tube

A specially designed cross-linked clear heat shrinkable tubing, with clear fusion tubing liner, providing strength member and protection to fiber optical splices

Mastering Fiber Optic Splicing: A Deep Dive into the Heat Shrink

The Heat Shrink Tubing Fiber Clamp is not merely an optional accessory; it is a critical auxiliary tool required for achieving high-precision fiber insertion in professional fiber optic splicing environments.

Application Tooling for Heat Shrinkable Tubing

Hot-air guns are designed to produce flameless heat which makes them the ideal tool to apply a variety of heat shrink tubing, wire markers as well as molded

Fiber Optic Cable Protection: Heat Shrink Tubing for Telecom Networks

Explore the critical role of heat shrink tubing in safeguarding fiber optic cables within telecom networks. This comprehensive guide covers how it enhances durability, protects against

Fiber Optic Heat Shrinkable Splice Tube-BROALINK TECHNOLOGY

Fiber Optic Heat Shrinkable Splice Tube Protect Fiber Fusion Points: Clear sleeve makes it easy to detect splice before shrinkage, The fiber optic heat shrink tubes are tight and the metal support

Heat Shrink Tubing for Protecting Fiber Optic Cables

Learn about the benefits of using heat shrink tubing to protect fiber optic cables and telecommunication systems to improve telecom performance.
