

Fireproof cable tray manufacturer custom orders

AI Overview

Several manufacturers specialize in custom fireproof cable trays, providing tailored solutions for industrial and commercial projects with various materials, finishes, and fire-resistant coatings. Leading Manufacturers and Customization Options

NewReach offers fire-rated cable trays designed to maintain structural integrity during fires, preventing flame spread and protecting critical systems like emergency lighting and fire alarms. They provide options in powder-coated aluminum, galvanized steel, and fiberglass with intumescent coatings, ensuring compliance with fire safety codes and high durability.

Renyun (Hunan) Busbar Co., Ltd. specializes in custom cable tray fire protection systems, working closely with clients to meet unique project requirements. Their solutions are designed to contain fire effectively and are built from high-quality materials for reliability and long-term performance.

Shandong Xuanlin Metal Materials Co., Ltd. manufactures perforated fireproof cable trays with customizable lengths up to 3000mm and finishes including Hot-Dip Galvanized, Pre-galvanized, Electro-galvanized, Powder-coating, and Stainless Steel 304/316. They support global exports and provide technical support, factory inspection, and 24/7 assistance for tailored projects.

Qingdao Shunlide Hardware Building Materials Co., Ltd. produces custom fire-resistant cable trays with OEM services, allowing clients to use their own brand names. They offer a full process from raw material procurement to after-sales service, ensuring quality control and rapid quotation for customized orders.

Key Features of Custom Fireproof Cable Trays

Material Options: Stainless steel, galvanized steel, aluminum, fiberglass, and coated metals.

Fire Resistance: Intumescent coatings, powder coatings, and specialized fireproof treatments.

Customization: Adjustable lengths, widths, perforation patterns, and accessories to fit project specifications.
