

Four-core single-mode fiber optic light armor

Overview

Featuring light armor protection and 4 single-mode fibers, this cable ensures excellent durability and signal integrity for long-distance outdoor communication networks. Available with a minimum order of 100 meters and sold per meter, it offers flexible purchasing for diverse. FIBERHOME Outdoor Overhead Pipeline Engineering Light Armor Single Mode Fiber Optic Cable GYTS-4B1 is a reliable, high-performance optical cable designed for overhead and pipeline installations. 4 core fiber optic cable color code is: Blue, orange, green, brown. Engineered for durability and exceptional signal transmission, this cable features a central loose tube construction combined with. Discover the 4 Core Singlemode Outdoor Armored Fiber Optic Cable, featuring a robust black TPU jacket for exceptional durability and high-performance connectivity. To construct this cable, the optical fibers are placed in space-efficient, 2.5 mm buffer tubes that contain a.
