

Hidden Door Distribution Box

AI Overview

A Hidden Door Distribution Box is a flush-mounted electrical enclosure designed to provide secure, concealed access to power distribution components while maintaining a clean aesthetic. Overview Hidden door distribution boxes are specialized electrical enclosures used to house circuit breakers, fuses, and other electrical components. They are designed to be flush-mounted into walls, offering a discreet appearance while ensuring safety and accessibility for maintenance or repairs. These boxes are commonly used in residential, commercial, and industrial settings where both functionality and aesthetics are important. Key Features

Material and Construction: Typically made from ABS plastic or metal frames with halogen-free, UV-stable materials for durability and compliance with safety standards.

Protection Rating: Most hidden door boxes have an IP40 rating, providing protection against solid objects larger than 1 mm and limited dust ingress, suitable for indoor environments.

Module Capacity: Available in multiple sizes, ranging from 8 to 70 module slots, allowing flexibility for different electrical setups.

Door Options: Doors can be white, transparent, or metal, and may include security locks to prevent unauthorized access.

Mounting: Designed for flush installation in hollow or brick walls, often including pre-installed mounting rails (TS35) and blind covers for unused module slots.

Hinges and Detachability: Some models feature detachable hinges for easy maintenance and smooth operation, enhancing both security and convenience.

Applications

Residential Buildings: Concealed installation in living spaces to maintain interior aesthetics.

Commercial Buildings: Secure access to electrical panels in offices, retail, or public areas.

Industrial Facilities: Power control panels and distribution network cases requiring durable and reliable enclosures.

Installation and Maintenance

Ensure proper alignment during installation to maintain flush appearance. Regularly inspect hinges and locks for wear or damage. Clean with a dry...
