

International Brand of Optical Modules

AI Overview

Top international optical module brands include Innolight, Coherent (Finisar), Cisco (Acacia), II-VI, Huawei, Accelink, Hisense Broadband, Eoptolink, HG Genuine, and Source Photonics. Leading Global Manufacturers

Innolight (Zhongji Innolight Co., Ltd.) – A global leader in high-speed optical modules, offering 100G, 200G, 400G, and 800G solutions for data centers and telecom networks, with strong R&D, design, packaging, and testing capabilities.

Coherent (Finisar) – Known for optical transceivers and high-performance modules, Coherent ranks among the top international suppliers, serving telecom and data communication markets.

Cisco (Acacia) – Provides optical modules integrated with networking equipment, including high-speed transceivers for long-distance and data center applications.

II-VI – Acquired Finisar and is a major player in optical module manufacturing, offering a wide range of transceivers and photonic solutions.

Huawei – A Chinese manufacturer with global reach, producing optical modules for 5G, data centers, and backbone networks, often listed among top suppliers due to its extensive R&D and production capabilities.

Accelink Technologies – Specializes in optoelectronic devices, modules, and subsystems, including silicon photonics and high-speed lasers, serving telecom operators and integrators.

Hisense Broadband Multimedia Technology – Offers high-performance optical communication products for global markets, including North America, Europe, and Asia.

Eoptolink – Focuses on high-speed optical modules and devices, widely used in ICT industries such as data centers, FTTx, LTE, and smart grids.

HG Genuine (Wuhan HGZ Photonics Technology) – Provides optical modules for 5.5G, intelligent connected vehicles, and data transmission, with a strong market share in China.

Source Photonics – Manufactures optical modules and transceivers, with partial Chinese ownership, serving global telecom and data communication markets.

Applications and Product Types These brands produce a variety of optical modules, including SFP, SFP+, QSFP...

20 Largest Fiber Optic Cable Companies in... | AIMIFIBER

This updated list ranks the 20 largest fiber-optic cable companies worldwide and Learn more from AIMIFIBER — fiber optic manufacturer since 2008.

Structured Cabling Solutions

ICC is a structured cabling solutions manufacturer of copper & fiber optic connectivity products for commercial & residential applications.

Top 28 Optical Communication Systems Companies

Want to Find More Optical Communication Systems Companies? If you want to find more companies that provide optical transceivers, networking equipment, and communication solutions you can do so

LIGENT Inc.

With dual strengths in optical-module and optical-chip R& D and mass production, LIGENT stands among the few companies worldwide capable of scaling both.

13 SFP Module Manufacturers in 2026

13 SFP Module Manufacturers in 2026 This section provides an overview for sfp modules as well as their applications and principles. Also, please take a look at

10 companies in the optical transceiver industry chain 2024

To help you choose the best partner, this article will analyze and introduce 10 companies in the optical transceiver industry chain for you.

Optical Modules Market Research Report 2034

Optical Modules Market Outlook 2025-2034 The global optical modules market was valued at \$14.8 billion in 2025 and is projected to reach \$39.6 billion by 2034,

Optical and optoelectronics modules | An overview

We manufacture individual optical and optoelectronics OEM modules for our customers. The tasks and solutions are diverse and range from

Optical module chip brands | Weyland

Overall, the competitive landscape of optical module chip brands is undergoing significant transformation. International manufacturers still maintain advantages in core technologies such as

All-in-One Ceiling Speakers & Wireless Audio

Explore Lithe Audio all-in-one ceiling speakers, Bluetooth, Wi-Fi, PoE and outdoor audio systems for homes, installers and commercial projects.

Global Optical Module Suppliers TOP10 Ranking Changes

Below are the changes in the global optical module supplier TOP10 ranking from 2021 to 2023, published by LightCounting, a market organization in the optical communications industry:

The latest ranking of the TOP10 global optical module suppliers ...

A few days ago, LightCounting, a well-known market research organization in the optical communication industry, released the latest market report and updated the TOP10 ranking of global

Global Optical Module Suppliers TOP10 Ranking Changes

Overall, the market share and ranking of Chinese optical module suppliers has gradually increased over the past few years, while the number of overseas suppliers has gradually decreased.

Top 10 Optical Module Manufacturers' Annual Reports ...

By 2025, its 800G optical module shipments will exceed 5 million units, making it the global "shipment champion" in the optical module industry, demonstrating significant economies of

Top 5 Sfp Module Manufacturers In The U.S. For

Introduction Choosing the right SFP module supplier and optical transceivers manufacturer is one of the most impactful procurement decisions an enterprise

Top 10 Optical Module Brand & Manufacturers

The company has more than 3,000 products and strictly complies with international standards such as TUV, CE, UL, FCC, FDA, RoHS, REACH and EMC. The products have served more than 300

WORLD WIDE WEB JOURNAL Home

By clicking download, will open to start the export process. The process may take but once it finishes a file will be downloadable from your browser. You may continue to browse the DL while the export

Global Optics Module Market Size, Share, Trends & Forecast 2026-2034

Optics Module Market size was valued at USD 5.12 billion in 2025 & is estimated to reach USD 12.34 billion by 2034, exhibiting a CAGR of 10.3% from 2026-2034

Top 10 Optical module manufacturers in the World 2025

Are you curious about which optical module manufacturers stand out in today's competitive market? Understanding the top factories is crucial for making informed decisions. By knowing the best

Top 10 Global Optical Modules in 2023: Chinese

LightCounting stated that the above chart shows the changes in the TOP10 list of optical module suppliers over the past decade or so. By 2018, most

Industry-leading Optical Switches/Attenuators

Best In Class Fiber Optic Components/Modules/Systems Engineered for Performance, Built for Reliability, Cost-Optimized Solutions with Optional U.S. Manufacturing Under the Agiltron brand

Top 10 Global Optical Modules in 2023: Chinese

Recently, LightCounting, a market research institution in the optical communication industry, released the latest version of the 2023 global optical

10 companies in the optical transceiver industry chain 2024

The rapid development of AIGC has promoted the demand for 800G optical modules, and the entire industrial chain involving optical components,

Optical Transceiver Companies

Cisco Systems, Inc. offers optical transceiver modules used in various networking applications, ranging from campus to data centers to service provider networks. Its pluggable optics innovation,

Top Optical Modules Companies & How to Compare Them (2025)

Lumentum: Leading provider of high-speed optical modules with a focus on data centers and telecom. Ciena: Known for innovative optical networking solutions and scalable modules. Infinera:...

OSRAM Global | Light is OSRAM

Our brand licensing program extends the OSRAM experience beyond our core portfolio. Through trusted partnerships, we bring you a broader selection of high-quality products, such as homelighting

Top Optical Transceiver Manufacturers List (2024)

Explore the top optical transceiver manufacturers and their market share. Stay informed about revenue figures and the latest developments in the
