

International Fiber Optic KVM Engineering Quotation

AI Overview

A comprehensive international fiber optic KVM quotation should include product specifications, transmission distances, video resolution, USB integration, scalability, and pricing details.

Key Components for Quotation

- Fiber Optic KVM Extender Models and Specifications**
4KIP500F-KVM: Supports 4K HDMI and USB signals up to 550m (1800ft) over multi-mode fiber with zero latency, ideal for control centers, universities, government offices, and telemedicine applications. It allows seamless Ethernet integration and supports up to 16 transmitter-receiver pairs via a single Gigabit Ethernet switch without VLAN configuration.
Other Options: Single-mode and multi-mode fiber KVM extenders for dual or triple monitor setups, supporting DVI or HDMI signals, with varying fiber counts (three to five fibers) depending on the number of video channels.
- Technical Details to Include**
Video Resolution: 4K UHD or 1080p depending on application.
Transmission Distance: Single-mode fiber can extend several kilometers; multi-mode fiber typically supports hundreds of meters.
USB Integration: For remote PC control, keyboard, mouse, and peripheral support.
Scalability: Ability to connect multiple transmitter-receiver pairs through Ethernet switches.
Security and Reliability: Optical isolation for secure transmission and EMI-free operation.
- Pricing and Cost Structure**
Include unit price per KVM extender, fiber optic cable costs, installation and integration fees, and optional maintenance or support contracts. Offer bulk purchase discounts if multiple units are required. Specify shipping and international logistics costs for overseas delivery.
- Quotation Format and Documentation**
Use a formal network quotation template: include company logo, contact information, recipient details, and reference to any RFQ or tender number if applicable. List all items with technical specifications, quan...
