

Ireland Cable Terminal Box Manufacturer

AI Overview

PEMCO and Tricel are leading manufacturers of cable terminal boxes in Ireland, offering PVC and GRP enclosures for electrical and telecom applications. PEMCO is Ireland's only manufacturer of PVC boxes, trunking, and conduit, with over 50 years of experience in cable management solutions. They provide in-house manufacturing, expert consultation, and nationwide next-day delivery. PEMCO products are designed for durability, compliance, and efficiency, serving multiple sectors including electrical wholesale, commercial, and residential installations. Their offerings include a wide range of cable containment and management systems suitable for both indoor and outdoor applications. Tricel specializes in Glass Reinforced Polymer (GRP) enclosures, including cable boxes and spare doors for telecom and utility services such as Eircom, Sky, Virgin, and NTL. Their cable boxes are corrosion-resistant, lockable, and designed with multiple cable entry points, making them ideal for exterior wall installations. Tricel also provides spare doors for existing boxes, ensuring protection against weather and pests. Their products comply with Irish standards and are suitable for both residential and industrial applications.

Distributors and Additional Options

For those seeking terminal boxes and cable accessories, distributors like Kempston Controls offer a range of components for electrical connections, including secure and reliable terminal boxes. National Electrical Wholesalers (NEW) also provides a broad selection of cable management supplies, including conduits, trunking, and connectors from brands like ABB and Schneider, suitable for commercial and residential projects across Ireland.
