

Manufacturer EDFA200G

AI Overview

The EDFA200G is manufactured by companies such as HUANET and Wuxi Taclink Optoelectronics Technology Co., Ltd., which specialize in high-performance Erbium-Doped Fiber Amplifiers. HUANET offers 200G DWDM EDFA modules, including 4, 8, and 16-channel configurations. They provide global supply and custom services, including logo customization and tailored product specifications, making them a flexible supplier for optical network components. Wuxi Taclink Optoelectronics Technology Co., Ltd. produces a range of EDFAs, including single-channel, multi-channel, gain block, and electrically controlled models. Their amplifiers can achieve gains from 10 to 38 dB and output powers exceeding 20 dBm, suitable for backbone networks, metropolitan area networks (MAN), optical transport networks (OTN), and packet transport networks (PTN). Taclink has headquarters in Wuxi, China, with additional locations in Chengdu, Shenzhen, and Berlin, Germany, supporting international distribution and technical support. Agiltron Inc. also manufactures high-quality EDFAs in OEM modules, benchtop units, and rack-mount formats. Their products are designed for long operational lifespans, typically exceeding 10 years, with advanced thermal management and rigorous testing to ensure reliability and efficiency. Applications The EDFA200G is widely used in optical communication systems to amplify signals in DWDM networks, backbone networks, and other high-capacity fiber optic infrastructures. These amplifiers are critical for maintaining signal strength over long distances and supporting high-speed data transmission. Summary For procurement or technical inquiries regarding the EDFA200G, HUANET and Wuxi Taclink are the primary manufacturers mentioned in the available sources, with Agiltron providing additional high-quality EDFA solutions. Each manufacturer offers different configurations, gain levels, and customization options to meet network requirements.

Manufacturer for Edfa Supplier

Manufacturer for Edfa Supplier - 200G DWDM MODULE (4, 8, 16 CHANNEL) - HUANET
Detail: Product detail pictures: Related Product Guide:

Fiber Optic Amplifiers (EDFA)

TUOLIMA has been manufacturing fiber optic transmission equipment for over 10 years exporting to most European, South America and Asia countries with CE certificate.

Laser Cutting, Welding, Bending & Cleaning Machines

GWEIKE manufactures industrial laser cutting, welding, bending and cleaning machines for metal fabrication, backed by 20+ years of experience. Explore our

EDFA Amplifiers: Low Latency

These Erbium-Doped Fiber Amplifiers (EDFAs) are engineered for a long operational lifespan, typically designed to function reliably for over 10 years. This durability is achieved through high-quality

GlobalSpec

GlobalSpec is a search engine and information resource for the engineering, industrial and technical communities. We help you quickly find industrial parts, specifications and services.

Masterflex | Hose Manufacturer | Hoses and Connections

Masterflex is the world's leading manufacturer of high-tech hoses and connectors for a wide range of industrial applications and sectors.

CW Erbium Doped Fiber Amplifier

Lumibird proposes the widest range of high-quality cw Erbium doped fiber amplifier (EDFA). Lumibird developed patented technologies to improve pumping

List of flash memory controller manufacturers

List of flash memory controller manufacturers This is a list of manufacturers of flash memory controllers for various flash memory devices like SSDs, USB flash drives, SD cards, and CompactFlash cards.

Datasheet

These Erbium-Doped Fiber Amplifiers (EDFAs) are engineered for a long operational lifespan, typically designed to function reliably for over 10 years. This durability is achieved through high-quality

Solar Panel Manufacturers

List of solar panel manufacturers. A complete list of companies that make solar panels, including factory production and panel power ranges produced.

LATVIA EDFA200G Datasheet, PDF

LATVIA EDFA200G Datasheet. 275Kb/1P. Part #: LAT-0. Manufacturer: Mini-Circuits. Description: Fixed Attenuator. 115 Results. Part #: LAT-0+. Datasheet: 275Kb/1P. Manufacturer: Mini-Circuits.

Coated Abrasives Supplier and Manufacturer

Uneeda is a leading supplier of quality coated abrasive products and sanding tools to manufacturers in wood, automotive, metal and marine industries.

Semiconductor manufacturing | GlobalFoundries

GlobalFoundries (GF) is a leading manufacturer of essential semiconductors the world relies on to live, work and connect.

Titanium Dioxide Manufacturer | Ti-Pure™ TiO₂ by

As one of the world's largest titanium dioxide manufacturers, We offer a diverse portfolio of TiO₂ for paints, plastics, & more. View all products here.

Low Power Amplifiers

PriTel, Inc. manufactures fiber lasers, EDFA fiber amplifiers, optical pulse compressors, and optical multipliers. PriTel's products are ideal for use in

HVAC Air Filter Manufacturer

Providing excellence in air filtration since 1936, Glasfloss Industries is the oldest American owned & operated manufacturer of HVAC filters.

Integrated device manufacturer

An integrated device manufacturer (IDM) is a semiconductor company which designs, manufactures, and sells integrated circuit (IC) products. IDM is often used to refer to a company which handles

List of semiconductor fabrication plants

Semiconductor fabrication plants are factories where integrated circuits (ICs), also known as microchips, are manufactured. They are either operated by Integrated Device Manufacturers (IDMs) that design

Erbium doped fibers

Our wide range of Erbium doped optical fibers answers every requirements of optical amplifiers (EDFAs). The amplification of optical transmission signals is enabled

Global Graphene Companies – Manufacturers and Suppliers

When you are all done catching up, why not take our graphene quiz? Here is an overview of the 82 graphene companies – manufacturers and suppliers of graphene (in alphabetical order) – that are in

List of silicon producers

This is a list of silicon producers. The industry involves several very different stages of production. Production starts at silicon metal, which is the material used to gain high purity silicon. High purity

Leading manufacturer of graphite electrodes | Resonac

Resonac's graphite division produces high-quality electrodes essential for efficient and eco-friendly steel recycling in electric arc furnaces.
