

New Price Quote for Long-Span Cable Trays in Latvia

AI Overview

Long-span cable trays in Latvia typically range from €20 to €150 per meter, depending on material, type, and load capacity. Overview of Pricing The cost of long-span cable trays varies based on material (steel, aluminum, or wire mesh), design (ladder, solid-bottom, or perforated), and load rating. For example, wire mesh or ladder-type long-span trays designed for heavy-duty industrial use are generally more expensive than standard perforated trays for light commercial applications. Elekrika.lv offers wide-span cable trays with prices starting around €25–€50 per meter, with additional discounts for registered users. RS Latvia provides a range of cable trays, including metal and wire mesh options, with prices typically in the €30–€120 per meter range depending on size and specifications. AiO.lv lists premium brands like Legrand, which are durable and modular, suitable for commercial and residential installations, with prices generally €50–€100 per meter. BAKS supplies professional long-span cable trays and support systems, often used in industrial or fire-rated installations, where prices can exceed €100 per meter for specialized configurations. Factors Affecting Price Material: Stainless steel and aluminum trays are more expensive than galvanized steel. Load Capacity: Trays designed for heavy cable loads or long unsupported spans cost more. Fire Rating: E30 or E90 fire-rated trays increase the price due to certification and safety standards. Supplier and Brand: International brands like Legrand or BAKS are priced higher than local generic options. Quantity and Discounts: Bulk orders often reduce the per-meter cost, and some suppliers offer discounts for registered or corporate customers. Recommendations For industrial projects, consider BAKS or Legrand for high durability and fire-rated compliance. For commercial or residential installations, Elek...
