

Oman Waterproof Cable Tray Prices

AI Overview

Waterproof cable trays in Oman are available from multiple suppliers, with prices varying based on material, type, size, and load capacity.

Types of Waterproof Cable Trays

- FRP (Fiber Reinforced Plastic) Cable Trays:** Highly resistant to corrosion, moisture, and fire, making them ideal for coastal, chemical, and high-temperature environments. Available in ladder, channel, and perforated types, FRP trays provide long-life, maintenance-free solutions for both light instrumentation cables and heavy power cables.
- GI (Galvanized Iron), SS (Stainless Steel), and Aluminum Cable Trays:** These metal trays offer durability and mechanical protection. Stainless steel and aluminum are particularly suitable for moist or corrosive environments, while GI is more cost-effective for general applications.
- Covered or Waterproof Ladders and Channels:** Some trays come with covers to protect cables from water ingress, dust, and mechanical damage, ensuring compliance with industrial safety standards.

Factors Affecting Prices

- Material:** FRP and stainless steel trays are generally more expensive than GI or aluminum due to corrosion resistance and durability.
- Tray Type:** Ladder trays, perforated trays, and channel trays have different manufacturing costs; ladder trays often support heavier loads and may cost more.
- Size and Load Capacity:** Wider trays or those designed for heavy-duty industrial cables are priced higher.
- Customization and Accessories:** Fittings, bends, and covers add to the overall cost.

Suppliers in Oman

- Albustan Technical Supplies LLC:** Offers a full range of cable trays, including waterproof and corrosion-resistant options for industrial and commercial projects.
- SV Composites & Engineering Pvt Ltd:** Specializes in FRP cable trays with high load capacity and fire resistance, suitable for harsh environments.
- Gulf Grating:** Supplies FRP, GI, SS, and aluminum cable trays with complete fittings for oil, gas, power, and industrial projects.
- Cable Tray Trading:** Provides various cable tray products including ladders and trunkings across Oman.
