

# Price List for Large-Span Cable Trays between China and Africa

## AI Overview

Long-span cable trays from China typically range from \$1 to \$25 per meter depending on material, size, and customization, with bulk and OEM options available for African importers.

**Material and Price Overview**

- Galvanized Steel Cable Trays:** Commonly used for industrial and outdoor applications; prices generally range from \$5 to \$15 per meter depending on thickness, width, and perforation style.
- Aluminum Cable Trays:** Lightweight and corrosion-resistant, suitable for coastal or humid regions; prices typically range from \$8 to \$20 per meter.
- Stainless Steel Cable Trays:** High durability and corrosion resistance for harsh environments; prices can reach \$15 to \$25 per meter.
- Plastic or Fiber Optic Trays:** Non-conductive and lightweight, often used in IT or sensitive installations; prices start around \$1 per meter for basic models.

**Sizing and Customization**

Long-span trays are available in widths from 100 mm to 600 mm and depths from 50 mm to 200 mm. OEM and custom-length options are offered by most Chinese manufacturers, allowing adaptation to specific project requirements. Ladder, perforated, and wire mesh designs are available to optimize airflow and reduce weight.

**Procurement and Export Considerations**

- Bulk Orders:** Suppliers often provide volume discounts, which can significantly reduce per-meter costs for large projects.
- Factory-Direct vs. Distributor:** Factory-direct purchases ensure competitive pricing and customization, while distributors may offer faster shipping but slightly higher costs.
- Shipping to Africa:** Costs vary by port, container size, and shipping method. Common African ports include Durban, Lagos, Mombasa, and Alexandria. Freight forwarders can provide CIF or FOB quotes.
- B2B Platforms:** Alibaba, Made-in-China, and Tradewheel allow African buyers to request quotes, compare suppliers, and verify certifications such as CE or ISO.
- Market Trends**
- Prefab...**
