

Thick Optical Cable Winder

Overview

Developed for the fast and accurate rewinding of optical fibers, fiber optic cables and delicate filaments, these systems achieve winding speeds of up to 1000 m/min, all while ensuring exceptional tension control and coil quality. The Winding Controller MCU is a processor-controlled real-time solution for high-precision laying during winding and contains all powerful software functions for unwinding, winding and rewinding. The SUMMI pro software is an HMI user program for touch panel PCs, notebooks and tablets with Windows. Our powerful double spoolers are specifically designed for high-speed insulation processes up to 1,500 m/min with reels of up to 2,500 kg in weight. They offer a highly rigid machine frame for every type of metal core product up to a diameter of 15 mm. Explore our Coilers to enhance your production efficiency. Typical lengths such as 5. When speed meets precision, Supertek's high-speed rewinding systems deliver performance without compromise.

Article Content

Jameson Fiber Winder Spooling Device

Buy the Jameson Fiber Winder Spooling Device to effortlessly manage your cables. This innovative tool holds up to 200 feet of cable, ensuring neat and tidy storage for all your fiber optics and ropes. Order

Automatic coil winder with electronic layer for precise

Supertek's automatic winders or take-ups consist of modular, intelligent units (smart winder units), they are compact, powerful and are ideally suitable for precise take

Fibre optic cable reels

21 Fibre optic cable reels Fibre optic cable reels with different barrel diameters and winding widths. The barrel is coated with PE foam

Next Gen USB (and more) Cable Winder / Organizer (Print-in-Place ...

Based on the experience with my previous remixed Advanced Stackable Print-in-Place USB Cable Winder, I found out

Jameson Fiber Winder Spooling Device

The Jameson Tools 18-FW1 Fiber Winder is designed to maximize efficiency by rapidly and neatly winding excess cable, allowing you to focus on what matters

Coil rewinder-winder

Find out all of the information about the Yangtze Optical Electronic Company Ltd. product: coil rewinder-winder Compact Fiber Rewinder. Contact a supplier or the

Rewinding machines

Rewinding machines manufacturer for cable, wire, optical fiber and flexible materials. For industrial speed, tension control and perfect winding layers.

Quickwinder

Multi-Purpose • Heavy-Duty • Industrial Construction Used for extension cords, air hose, rope, coax, fiber optic, communication cables, multi conductor cables,

REWINDING MACHINE

Developed for the fast and accurate rewinding of optical fibers, fiber optic cables and delicate filaments, these systems achieve winding speeds of up to 1000 m/min, all while ensuring exceptional tension

DF-200 cable winder for Video Cables, Audio Cables,

Organize your cables effortlessly with the DF-200 cable winder. Ideal for Video Cables, Audio Cables, Fiber Cables, and Network cables. Find this versatile

Automatic payoff module for wire and fibres | Supertek

Automatic Payoff Module Supertek's automatic pay off winder module, uncoilers or unwinders consist of modular, intelligent units (smart winder units). They are

Cable Winding Machine | Spooling Wire | Cable Coiling

Our equipment ensures efficient, reliable and seamless operation for all your cable winding and unwinding needs. Explore our range of Payoffs, Take-ups and Rewind Lines today.

Fiber Optic Spooling Machines | Supertek

Supertek's fiber optic spooling machines offer the perfect solution for efficient and precise processing of fiber optic cables. With their unique technology, precise control, and high speed, these machines

100 % automatic precision winders | Roblon

The cable is positioned perfectly side by side without major gaps or cable crossings, ensuring high quality and a very presentable product. The Precision Coiling Unit

Jameson Fiber Winder 18-FW1

Whether you're in telecommunications, construction or any cable-intensive industry, the Fiber Winder is your go-to solution. It is designed for various cables;

High Speed Rewinding Machines

For fast and precise rewinding of fiber optic cables or optical fibers, our high-speed rewinding machines offer the ideal solution. With winding speeds of up to 1000

Products

Our products vary from general purpose respoolers to precision winders for specialized applications in the fiber optic, wire, telecom, aerospace, medical,

SW class spool winder | Supertek

The first-class solution for automated and high-precision decoiling, recoiling and rewinding of wire, flat wire, cable, fiber optics, foils, tapes and fibers.

Winding Technology :: Supertek

Supertek offers solutions for unwinding, winding and rewinding extremely thin and sensitive materials such as wire, flat wire, fiberglass, optical fibers, fiber, filament, silk, foil, solder, and many others.

100 % automatic precision winders | Roblon

100 % automatic precision winding Roblon Precision Coiling Unit (PCU) eliminates the need for manual guiding of the cable in the take-up process. The cable is

Quick Winder RAP-100: Durable Cord & Cable Storage Solution

Product Description The Quick Winder RAP-100 electric cord winder efficiently organizes power cords, hoses, and cables, providing a durable and versatile solution for a tidy workspace. The Quick Winder

Fiber Optic Cable Winding & Spooling

Fiber Optic Cable Winding & Spooling For over 70 years the Amacoil/Uhing Model RG drive unit has been used by wire and cable manufacturers and distributors
