

Trough-type cable trays available for immediate sale

AI Overview

Trough-type cable trays are available in stock from multiple suppliers, including galvanized, stainless steel, and powder-coated options with fast delivery and customization. Trough-type cable trays are widely stocked for industrial, commercial, and infrastructure applications, offering durable, corrosion-resistant, and fireproof solutions suitable for power, data, and communication cables. They are available in materials such as galvanized steel, stainless steel (304/316), aluminum alloy, and powder-coated finishes, providing long service life and resistance to moisture, dust, and environmental stressors. Many suppliers also offer custom sizes, ventilated designs, and ISO9001-certified manufacturing, ensuring quality and compliance.

Key Features

- Material Options:** Galvanized steel, stainless steel, aluminum alloy, powder-coated finishes.
- Designs:** Fully enclosed, slotted, or perforated troughs for ventilation and cable protection.
- Applications:** Suitable for control cables, computer cables, communication cables, thermocouple cables, and other sensitive systems.
- Benefits:** Corrosion resistance, interference shielding, easy installation, and long-term durability.

Stock and Delivery

Many suppliers provide in-stock items with fast or same-day delivery, along with technical datasheets and support for installation planning. Some suppliers also offer customization options and rapid response times, making it easier to source trays for specific project requirements.

Recommended Suppliers

- RS Online:** Offers a wide range of cable trays including stainless steel and PVC options with fast delivery.
- Alibaba Suppliers:** Jiangsu Youming Group, Fujian Junsheng Electric, and Guangdong Lianbiao provide customizable trough-type trays with ISO9001 certification.
- Legrand:** Provides steel trough trays with high security and strength for industrial applications.
- McMaster-Carr:** Stocks over 850 cable tray products with sa...
