

UAE ladder cable tray price

AI Overview

Ladder cable tray prices in the UAE vary widely depending on material, size, finish, and duty rating, typically ranging from AED 150 to AED 600 per meter for standard industrial trays.

Factors Affecting Price

Material and Finish: Most ladder trays are made from carbon steel with hot-dip galvanization, stainless steel (304 or 316), or aluminum. Stainless steel and aluminum trays are more expensive due to corrosion resistance and durability.

Duty Rating: Trays are classified as light, medium, heavy, or extra heavy duty. Heavy-duty trays designed for industrial or high-load applications cost more than light-duty trays used in commercial settings.

Dimensions: Width, depth, and length of the tray affect pricing. Standard lengths are usually 3–4 meters, with widths from 100 mm to 600 mm. Wider and deeper trays require more material, increasing cost.

Accessories and Fittings: Couplers, bends, brackets, and covers add to the total cost. Systems with quick-fit couplers and adjustable bends reduce installation time but may have higher upfront prices.

Brand and Supplier: Leading suppliers in the UAE include West Port Cable Tray, Emerald Steel Industries, Cleveland Cable Trading FZCO, and Legrand. Premium brands with integrated systems may charge more but offer better durability and installation efficiency.

Typical Price Range

- Light-duty trays: AED 150–250 per meter
- Medium-duty trays: AED 250–400 per meter
- Heavy-duty trays: AED 400–600 per meter
- Extra heavy-duty or stainless steel trays: AED 600+ per meter
